SEO Proof of Work

Pure SEO Methodology

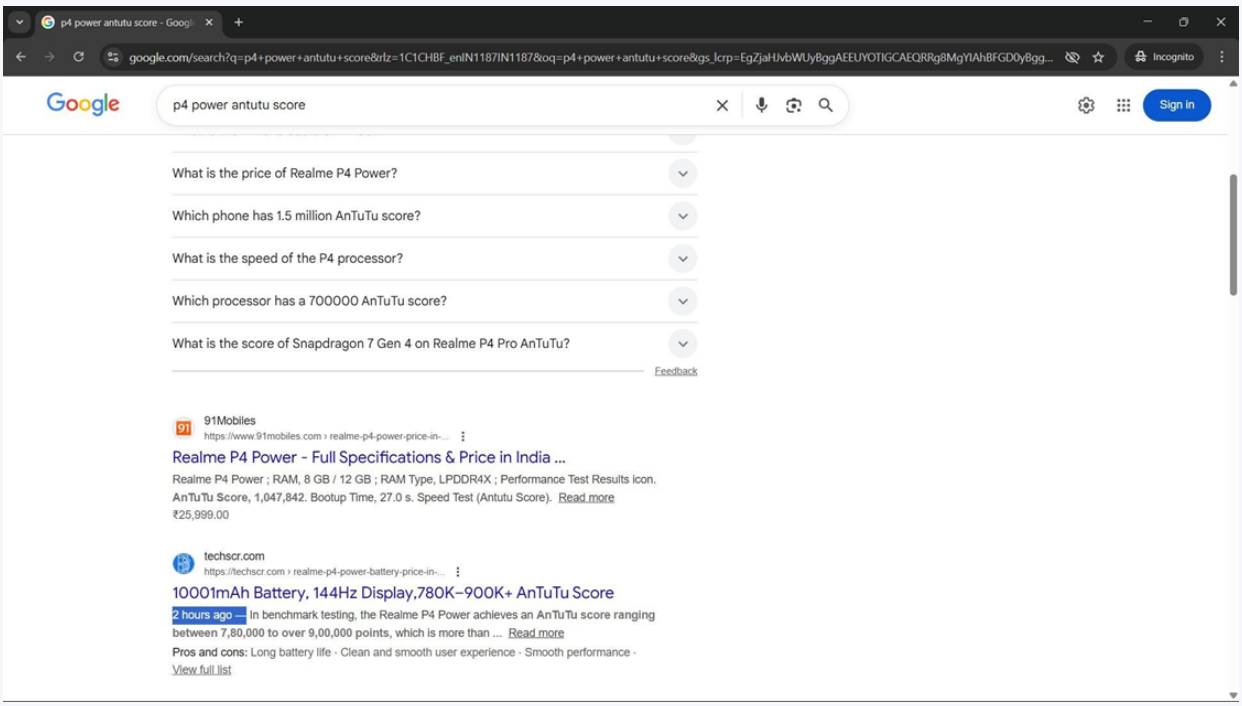
TechSCR.com is a low-DA site, yet it's frequently cited as a "Source of Truth" by Google's AI. This is the result of what I call "Pure SEO." It's about the discipline of deep keyword research and the technical skill to optimize every single page until it dominates.

Dominating Search

TechSCR.com established as the primary "Source of Truth" in Google AI Overviews for technical benchmarks.

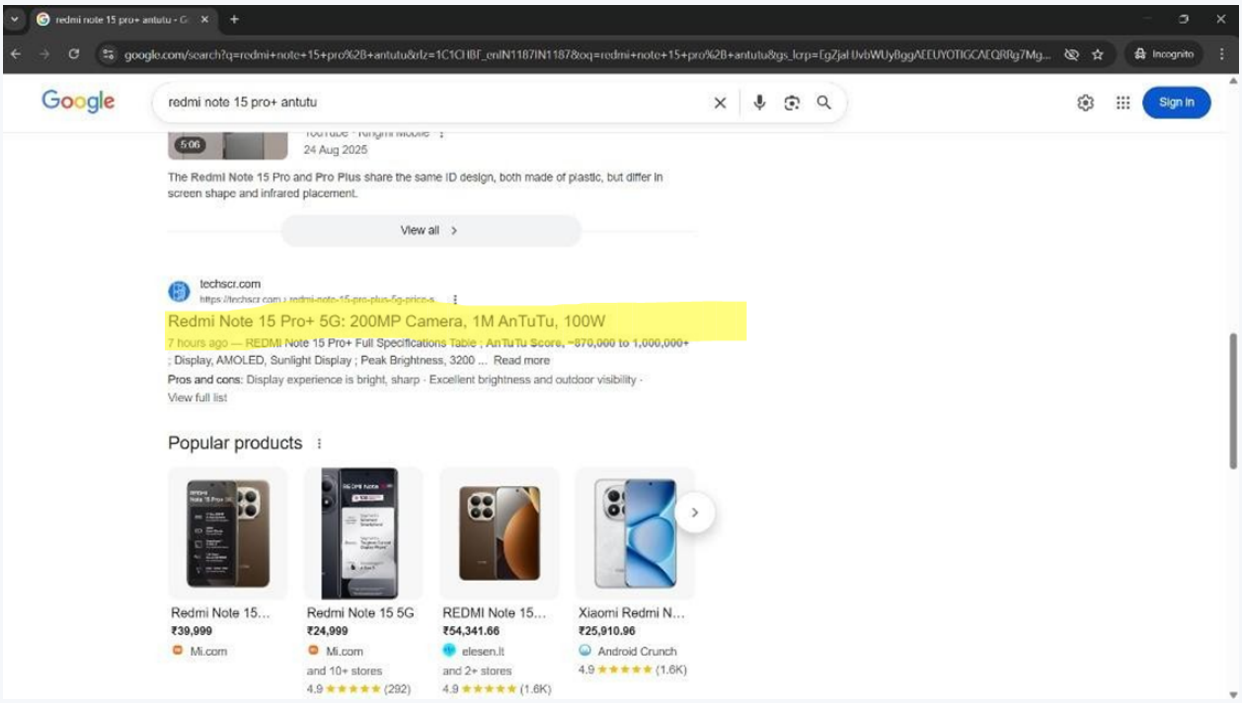
Case Study 1 – Realme P4 Power

Ranked on Page 1 within 2 HOURS of publishing.



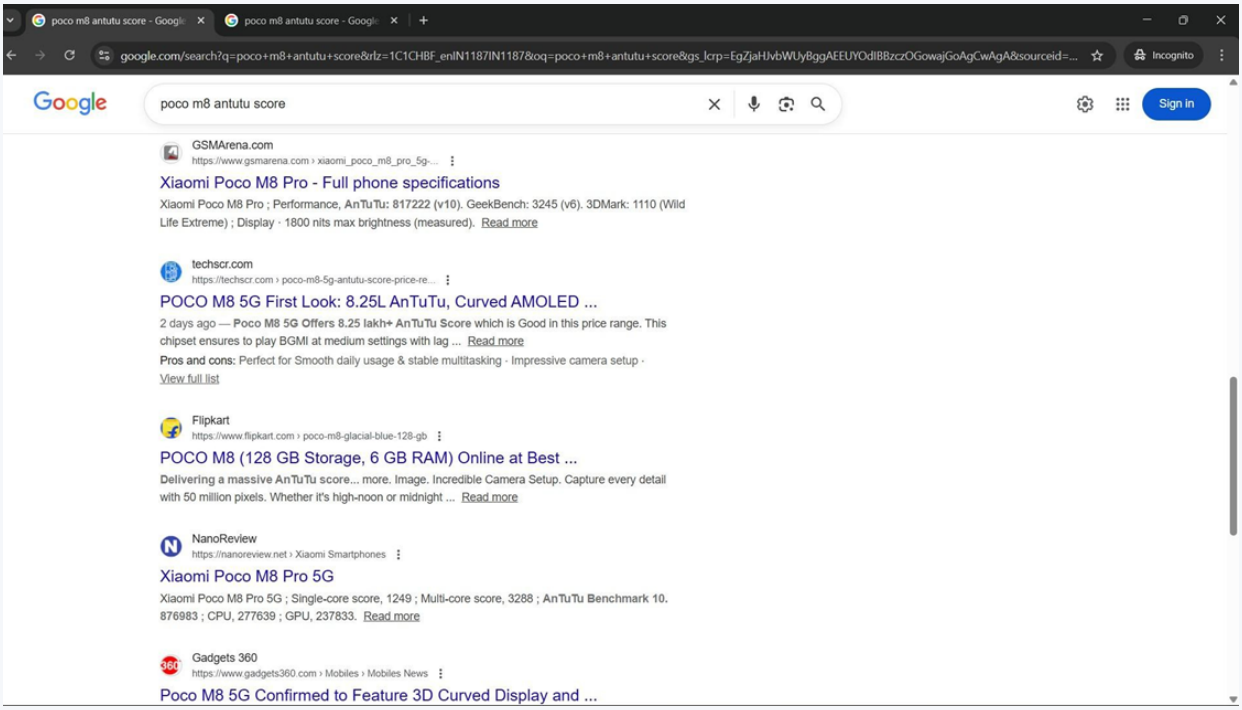
Case Study 2 – Redmi Note 15 Pro+

Top result within 7 HOURS.



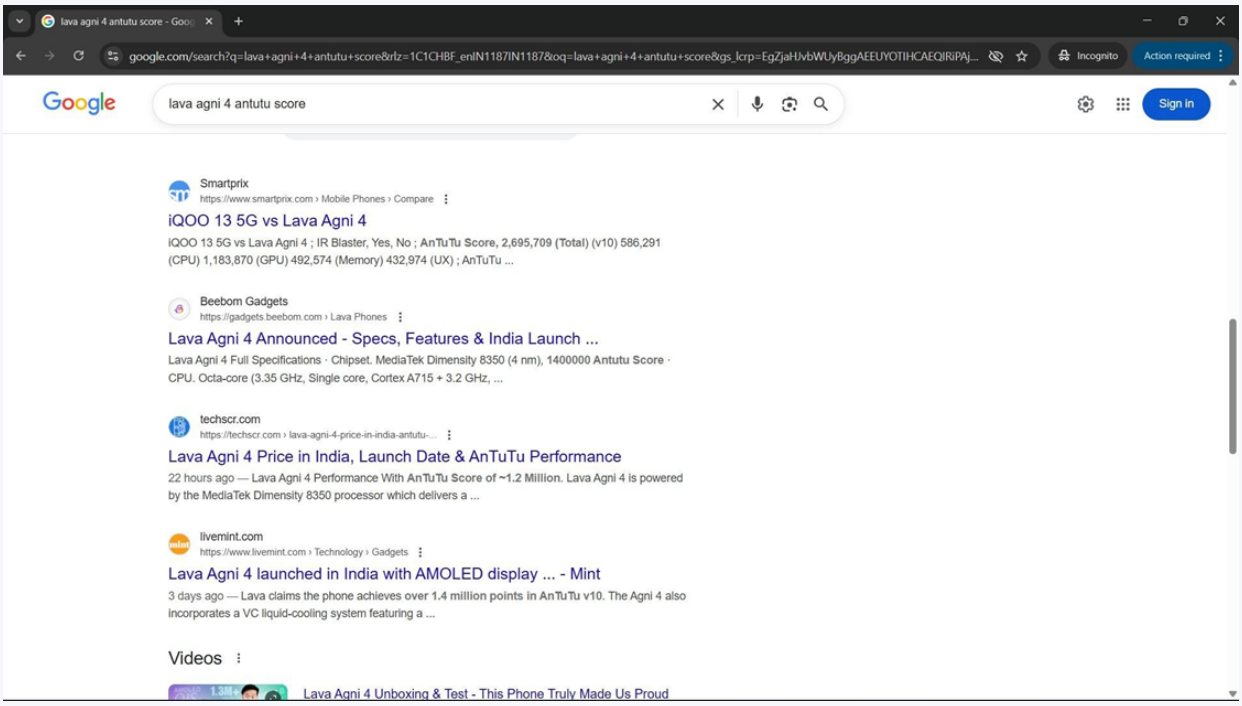
Case Study 3 – POCO M6 Pro

Successfully ranked using on-page optimization and keyword strategy.



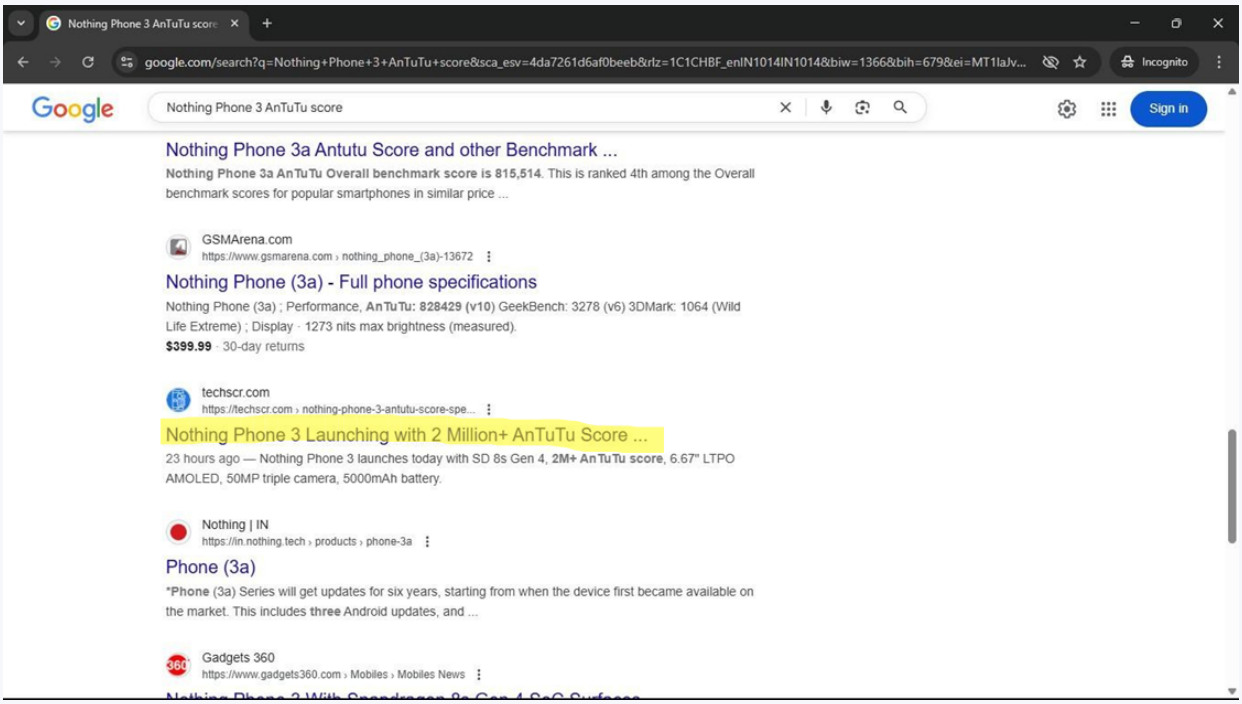
Case Study 4 – Lava Agni 4

Ranking achieved through Google Discover optimization.



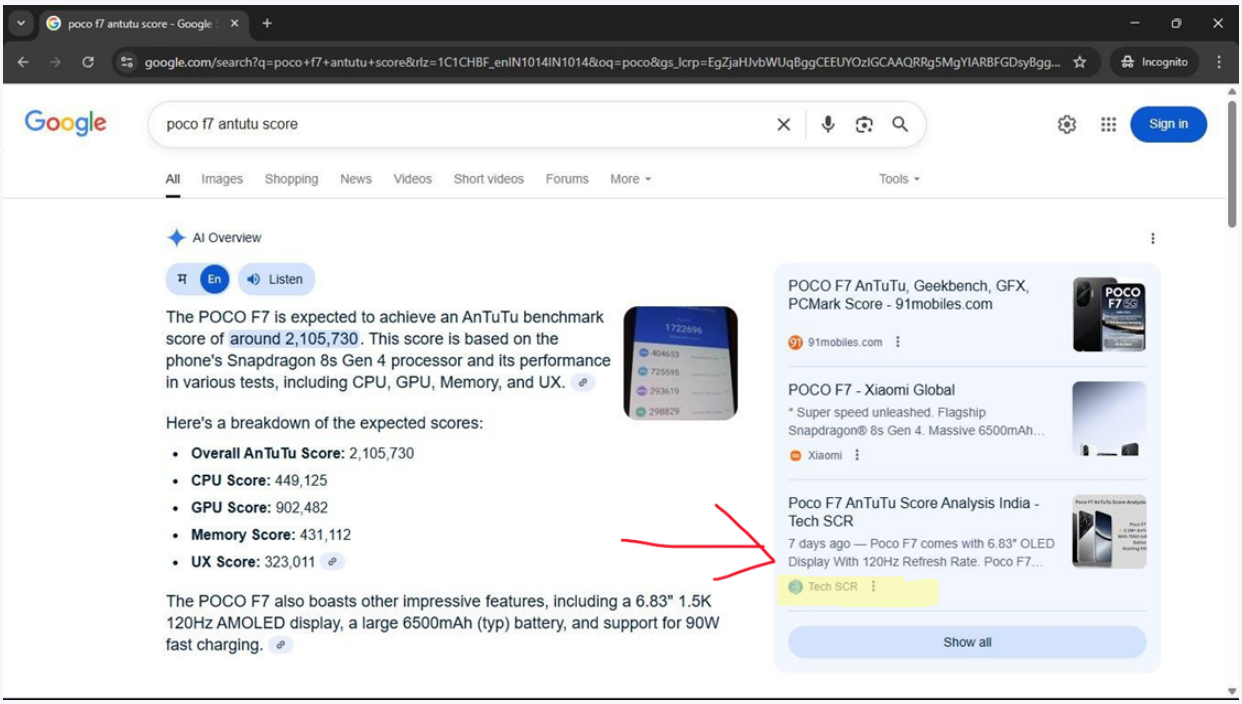
Case Study 5 – Nothing Phone 3a

SEO optimized content ranked organically.



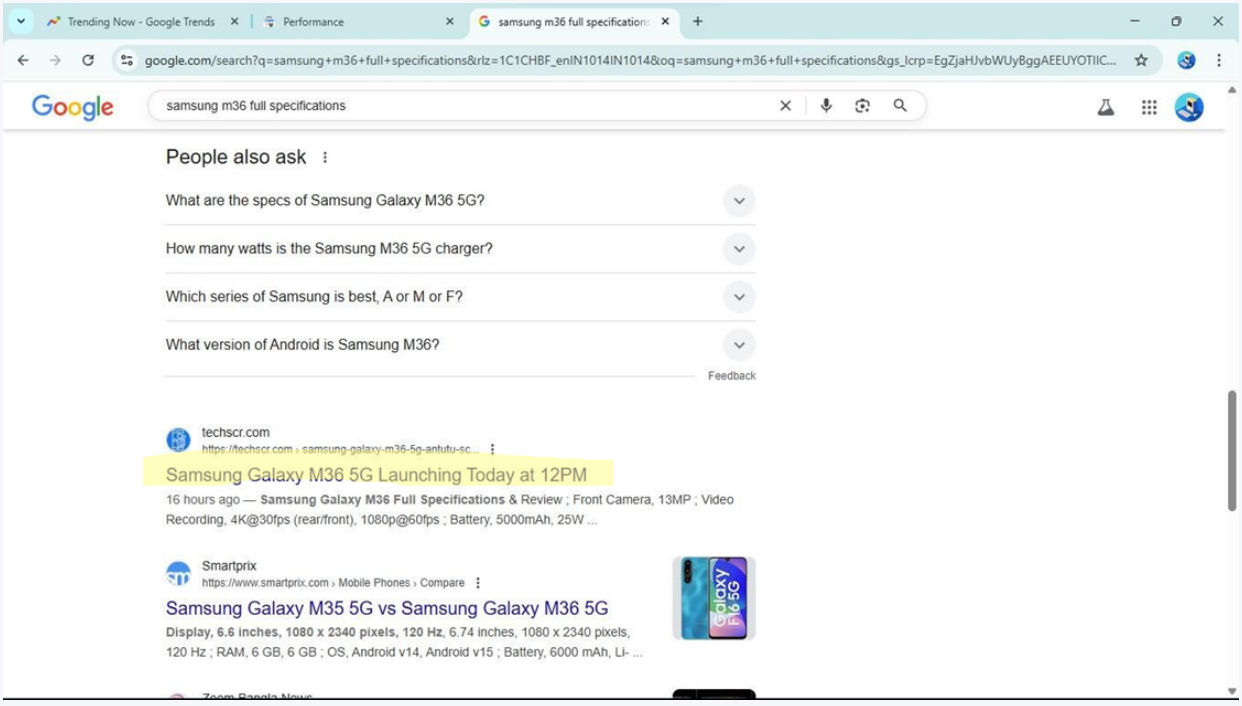
Case Study 6 – POCO F7

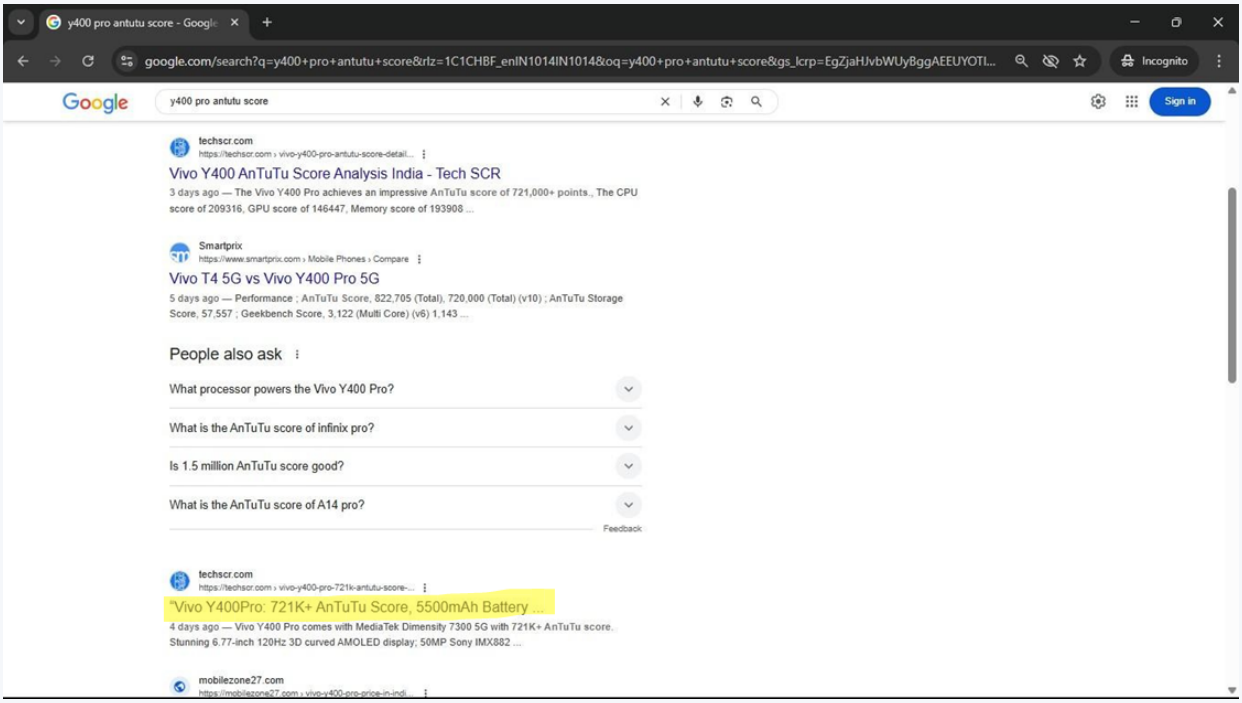
Achieved ranking through competitor analysis.



Case Study 7 – Samsung M36

Organic ranking improvement through technical SEO.



Case Study 8 – Vivo Y400


Achieved search visibility via structured content. Multiple articles ranked simultaneously on the same search results page.
